## Technical Skills

**Languages and DataBases:** HTML, CSS, JS, React, Python, Pandas, Numpy, MySQL

**Visualization Tools:** Tableau

## Education

### Duration/Percentage

**Kendriya Vidyalaya No.1 AFS Makarpura (Vadodara, Gujarat)**

**Apr 2019 – Mar 2020**

10<sup>th</sup> CBSE

Percentage – 84.4%

**Kendriya Vidyalaya No.1 AFS (Pune)**

**Apr 2021 – Mar 2022**

12<sup>th</sup> (PCB) CBSE

Percentage – 74.6%

**Ajeenkya DY Patil University (Pune)**

**Aug 2022 – Aug 2026**

B.Tech Computer Science Engineering – Software Engineering

Current CGPA – 8.27

## Internships/Certificates

**Android Developer Virtual Internship By: Google for Developers** [↗](#)

**July – September 2024**

- **Built Android apps** using Activities, Fragments, and Services to improve functionality.
- **Streamlined data handling** with Kotlin, Room, and ViewModel for efficient architecture.
- **Integrated RESTful APIs** with Retrofit and Coroutines for seamless performance.
- **Developed and deployed scalable apps**, enhancing user experience and reliability.

**E-Waste Management Campaign By: Boat and AICTE** [↗](#)

**July 2024 – Dec 2022**

- **Planned and executed campaigns** to promote e-waste recycling and sustainability among students and professionals.
- **Designed awareness programs** through workshops, social media, and on-ground activities.
- **Monitored impact and reported results**, highlighting measurable growth in recycling efforts.

**Operating System Basics By: CISCO** [↗](#)

**Jan 2024 - Feb 2024**

- Gained a foundational understanding of OS architecture, process management, and memory allocation.
- Learned file systems, storage management, and basic networking and security principles for effective system operation.

## Projects

**Hospital Management System / Java (Swing), NetBeans IDE, MySQL, JDBC**

**Oct 2024 - Nov 2024**

- Developed a **Hospital Management System** using **Java (Swing)** for the GUI and **MySQL** for the backend database to manage patient records, appointments, and billing.
- Implemented **JDBC** for connecting the Java application to the database, enabling smooth CRUD operations for efficient data handling.
- Utilized **NetBeans IDE** for development, ensuring a user-friendly interface and seamless integration between the front-end and back-end systems.

**Portfolio / HTML, CSS, JS**

**May 2024 – Jul 2024**

- Created a professional portfolio showcasing my Android development projects, demonstrating technical skills, UI/UX design, and app deployment.

**Full-stack food delivery / React.js, Node.js, Express.js, and MongoDB**

**Sept2024 - Nov 2024**

- **Built a full-stack food delivery application** with restaurant listings, cart, and secure checkout flow.
- **Implemented real-time order tracking** and optimized APIs to ensure smooth performance under high load.
- **Designed a responsive, user-friendly UI** for seamless experience across web and mobile devices.
